WELCOME

TO HOPE RESTORATION NURSERY

Dear Parent

Thank you for taking a moment to read and know more about our school program and offering. We are delighted to introduce you to the reason or purpose behind the establishment of our school.

In 2010 my wife and I noticed a sad reality; that our education system was no longer intentional in developing the leaders of the future. We also noticed the alarming and aggressive intent to remove Christian values from the classroom and schools in general. The standard of academic excellence in our nation had also started its embarrassing decline. It was from this premise that we established both Hope Restoration College and Hope Restoration Nursery as the centers of excellence to facilitate academic excellence, leadership development and spiritual depth in the lives of our learners.

Since the inception of these two centers of excellence we have been overwhelmed by testimonies of families who noticed drastic changes and transformation in the lives of their children. Some parents are citing personal mastery and leadership visible in the daily home activities, some excitedly sharing the behavioural changes observed within a short space of time, and some impressed in the newly developed interest and ownership in academic work within their children; our learners.

Our classroom or learning center experience positions the learner to own up their life, studies and relationships around them. You will agree with us that this type of responsibility has become a thing of the past in a life of an average learner.

We would like to welcome you and your child/children to this life changing experience. The rest of this enrolment pack will help facilitate a seamless process up to the admission of your successful child. Our team of passionate and knowledgeable School Administrators will guide and lead you through the process.

We look forward to a mutually rewarding relationship with your family. Let's us together build champions for our generation and generations after us.

Regards,

Rev SC & Ps PA Mathebula

MEET OUR PRINCIPAL

Dear family

Greetings in the name of Jesus Christ
my Lord and Saviour!

Thank you for inquiring about our school. We are a loving family because our school was founded upon the vision of bringing "Hope to our world". We believe Christian education is the tool to save our nation, the world and society at large.

As Hope Restoration Nursery, we believe in the principle of totality, and it is our intention to develop your child in the social, cognitive, physical, emotional and spiritual aspects.

Our curriculum is Christian based and focuses on themes designed to help us apply Bible concepts in a way that relates to a child's everyday life.

The learning programme consists of objectives and concepts with assessment standards, that would measure your child's development at different age levels.

We would like to assure the safety of your little one(s), and we will give them the necessary and quality basics for their foundation phase of primary education.

Welcome and let us have fun together!

We look forward to journeying together as one big family.

Sincere Regards

Joyce Chanyandura – Nursery Principal
